

Compact Clothes Line

SET - UP A N D O P E R A T I O N

This versatile portable clothes line is easy to use and can be folded up and transported with laundry still intact.

Each side collapses inwards for convenient transport and storage. All four legs fold down for compact and convenient storage. Leg frames lock into the frame for secure attachment when folded.

This weather-resistant line is ideal for use indoors, outdoors, or place over the bathtub. Wall mounting bracket provided.

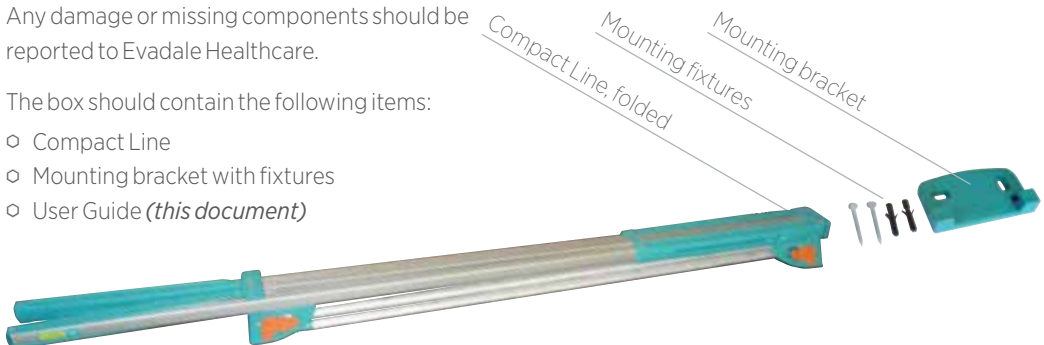

- ⚠ Please read all instructions prior to use.
- ⚠ We recommend you keep this Guide for future reference.
- ⚠ Do not use product outside during a storm or high wind.

Unpacking & Contents Inspection

Carefully remove all the components from the box. Please check all items against the list below. Any damage or missing components should be reported to Evadale Healthcare.

The box should contain the following items:

- Compact Line
- Mounting bracket with fixtures
- User Guide (*this document*)

Use

To unfold

To unfold legs, hold the Compact Line upright with one hand, and with the other hand gently pull each leg upwards until it locks into place.

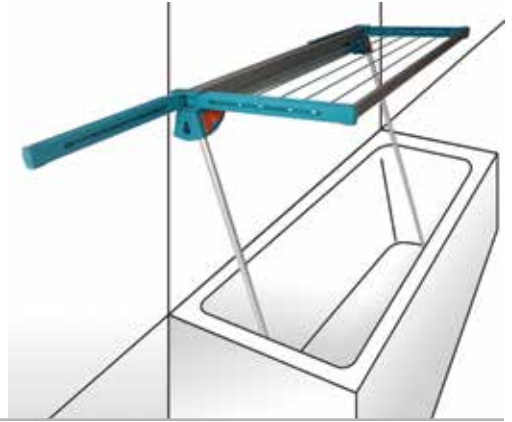

Once all four legs are secure, stand the product upright on a stable surface.

To unfold the line, simply pull outwards on each side of the light metal frame and swing sideways until fully extended.

Load laundry evenly.

To use in bath

To use over the bath, simply unfold one side of the frame only and then place the Compact Line into the bath and lean against the wall.

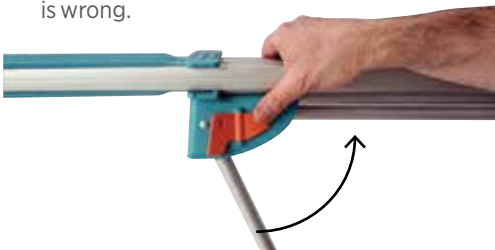

To fold

To fold the Compact Line, swing each side of the frame sideways to collapse against the main bar.

To fold the legs, press firmly against the orange tab at the top of each leg to release the lock and then fold leg upwards. Repeat for all four legs.

⚠ Do not use force – the frame should be easy to push inwards otherwise the folding direction is wrong.

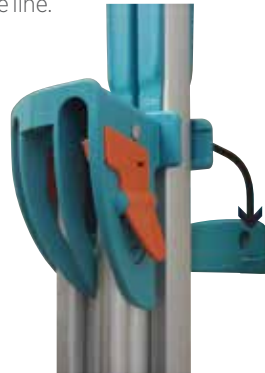

To mount

To hang the Compact Line on a wall, use the mounting bracket provided.

Bracket must be mounted at least 1250 mm from the floor to allow sufficient clear space to hang the line.

Attach the bracket to the wall using the fixture appropriate for your wall surface.

Ensure the bracket is secure before hanging the line.

Warranty

This warranty is provided
by Novis Healthcare
of Unit 12, 12 Mars Road
Lane Cove NSW 2066

Australian Consumer Law

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or may be entitled to a refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be acceptable quality and the failure does not amount to a major failure. Where a failure does not amount to a major failure Novis is entitled to choose between providing you with a repair, replacement or refund. To obtain compensation, you would need to provide documentary evidence of the loss or damage suffered and documentary evidence that such loss or damage was a reasonably foreseeable consequence of a failure by Novis to comply with a consumer guarantee under the Australian Consumer Law.

Product Warranty

In addition to all rights and remedies which you may be entitled to under the Competition and Consumer Act 2010 (Commonwealth) and any other relevant legislation, Evadale warrants each of its products to be free of defects in materials and workmanship for a period of 12 months, commencing from the date of purchase.

Warranty Claims

To claim under this warranty, please contact Evadale Customer Service Centre and have your receipt or proof of purchase ready. Evadale may need to assess the defect before determining any claim, and additional information may be requested to process your claim.

Any expenses incurred relating to the return of the defective product to Evadale will be borne by you. We will then, at our discretion, either repair or replace the product, or refund your money and take back the product.

Limited Liabilities

Our liability under this manufacturer's warranty is subject to us being satisfied that a defect was caused by a defective workmanship or materials, and was not caused or substantially contributed to by other factors or circumstances beyond our control, including (but not limited to) defective installation, maintenance or repair, product modification or alteration, any neglect misuse or excessive use, normal wear and tear or failure to follow manufacturer's instructions.

The benefits conferred by this manufacturers warranty are in addition to all rights and remedies conveyed by the Competition and Consumer Act 2010 (Commonwealth), and any other statutory rights to which you may already be entitled, and this warranty does not exclude, restrict or modify any such rights or remedies that are implied by law.

Care Instructions

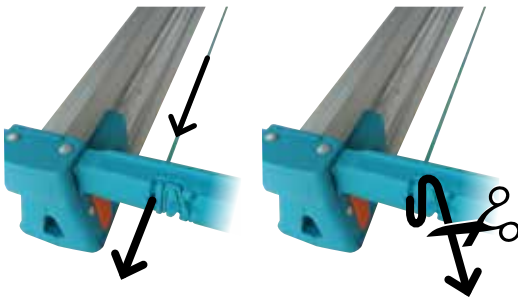

Re-tensioning lines

To re-tension, press down on the outer line while pulling on the line beside it. Move inwards one line and repeat this process until all slack is held in the innermost line.

Holding the innermost line tight, release the line from the clamp (outer frame) and pull the slack through until firm.

Reconnect the line to the clamp. Cut off any excess line as needed. Repeat this process on both sides.

To clean

To clean the Compact Line, gently wipe the frame and lines with a damp cloth, or spray gently with a garden hose.

⚠ Do not clean with sharp or rough objects or with aggressive detergents.

Dry thoroughly before use.
