

Multi Function Night Light

SET - UP AND OPERATION

Increase safety around the home with our helpful Multi Function Night Light. Easy to use, water resistant and no need for batteries.

No assembly required

- ⚠ Please read these instructions before use
- ⚠ This light is for indoor use only
- ⚠ Do not use with an extension cord
- ⚠ Do not attempt to remove the top of the handheld light – it is permanently affixed

Unpacking your light

Remove all packaging before use. The light includes two separate sections:

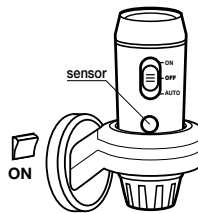

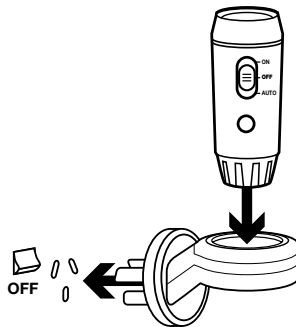

- A** Base (plugs into a standard wall socket)
- B** Handheld torch (inserts into base).

⚠ Note, there are no plugs or cables needed to connect the two sections

To operate

⚠ For optimal results, charge the light for a minimum of 24 hours before use.

- 1 Plug base into your wall socket, ensuring the charger is upright.
- 2 Insert the handheld torch into the base, ensuring the switch is in the OFF position.
- 3 Turn on power source to commence induction charging (charge for at least 24 hours before initial use).
- 4 Once charged, slide the switch to either AUTO or ON.

Bulbs

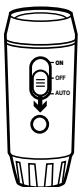

LED bulbs are non-replaceable. Do not attempt to remove the top or base of the handheld torch - it is permanently fixed.

Cleaning

Unplug the light and gently wipe with a dry or slightly damp cloth.
